

# KISS & RIDE PROGRAM

**St. Clare Catholic Elementary School**

# KISS & RIDE

- Please note that traffic should only move in the direction of the arrows.
- Parents are being asked to commit to a number of new rules in order to continue to use the drive through.

# PARENT/DRIVER RULES

Parents are asked to commit to the rules below;

1. When entering the Kiss & Ride area, you agree to YIELD to school buses, which are exiting the school grounds.
2. You agree that the Kiss & Ride loop is a ONE WAY drive-through.
3. You agree to obey the posted signage, crosswalks, and speed limits.
4. You agree not to pass vehicles ahead of you in the Kiss & Ride loop.
5. You agree not to leave your car unattended in the Kiss & Ride loop.

# PARENT/DRIVER RULES

6. You agree that your child/children will enter and exit your car within the marked Drop-Off Zone. (see picture that follows)
7. You agree to enable a quick and safe drop-off or pick-up.
8. You agree not to park your car in the area marked Staff Parking during drop-off or pick-up, to prevent children from walking through the Kiss & Ride area.
9. If you have someone else dropping off or picking up your child/children, you agree to make them aware of and ensure they abide by the above rules.

# PARENT/DRIVER RULES

You will notice several signs installed on the school grounds. These signs **MUST** be obeyed by all drivers who enter the school grounds.

# DROP-OFF / PICK-UP ZONE

As soon as your vehicle has entered the drop-off/pick-up zone and has come to a **complete stop**, your child(ren) should exit the vehicle. Students should do their part and only approach or exit the vehicle from the sidewalk-side of the drop-off zone (see area marked in green). Students should NEVER walk into the parking area during drop-off or pick-up. Students should do their best to move as quickly and as safely as possible along the sidewalk to the back of the school grounds upon arrival.

# SIGNAGE

The Drop-Off/Pick-Up Zone begins here.

# END OF DROP-OFF ZONE

Parents should continue through the drop-off/pick-up zone to fit as many vehicles as possible, remembering to leave enough room to allow students to exit and move around the vehicle in front of them. Students should only enter and exit their vehicle when it is within the drop-off/pick-up zone. **DO NOT wait for your vehicle to reach this point to let your children out.** Once you've entered the zone, and as soon as you come to a complete stop within the zone, your children should exit the vehicle.

# REMINDER OF ONE WAY ROADS

This is a one-way road and vehicles should never enter this way.

# REMINDER OF ONE WAY ROADS

The same goes for this road. This is a one-way road and vehicles should never enter this way. They should always travel to the right into the Kiss & Ride loop area.

# YIELD TO EXITING SCHOOL BUSES

When you are attempting to enter the Kiss & Ride loop, you should always allow school buses to exit first. There isn't enough space in the entrance for a school bus and a car to enter and exit at the same time. **School buses always have priority.**

# DO NOT ENTER DURING PROHIBITED TIMES

Parents should never enter the school grounds at this entrance during the times posted above. The times are during before and after school as well as during lunch time. Many students are in these areas, and therefore, we ask parents not to enter during those times to help ensure their safety. Parents are welcome to use the Kiss & Ride loop to drop-off and pick-up their child(ren) during these times.
